

**CRP**INTERNATIONAL COMMISSION ON RADIOLOGICAL PROTECTION

ICRP ref 4856-7965-4816 released 04 February 2024

## **ICRP Main Commission Meetings in 2023**

9-11 March in Abu Dhabi & 3-5 November in Tokvo

During the March meeting, the progress of all Task Groups was reviewed in detail as part of the ongoing Review and Revision of the System of Radiological Protection. A substantial part of the November meeting was dedicated to a broader systematic analysis, taking into account dependencies and interactions between Task Groups, and considering future actions.

The draft report Radiological Protection in PET and PET/CT was approved for public consultation.

The following reports were approved for publication:

- Specific Absorbed Fractions for Reference Paediatric Individuals
- Optimisation of Radiological Protection in Digital Radiology Techniques for **Medical Imaging**
- Dose Coefficients for Intakes of Radionuclides by Members of the Public: Part 1
- Radiological Protection in Surface and Near-Surface Disposal of Solid **Radioactive Waste**
- Ethics in Radiological Protection for Patients in Diagnosis and Treatment

Task Group 128 Individualisation and Stratification in Radiological Protection: Implications and Areas of Application was established, to be chaired by Simon Bouffler.

The March meeting was paired with the 2nd UAE Radiation Protection Week hosted by the UAE Federal Authority for Nuclear Regulation (FANR).

The November meeting was held as part of ICRP 2023 in Tokyo, the 7<sup>th</sup> International Symposium on the System of Radiological Protect, hosted by the National Institutes for Quantum Science and Technology (QST), Japan.
