

David Sutton, PhD, FSRP, FSRP, FBIR

David Sutton has a PhD in Medical Physics and until recently was the Head of Medical Physics at Ninewells Hospital, Dundee, having worked in radiation protection and diagnostic radiology physics for over thirty five years. He has now retired from the United Kingdom National Health Service but still holds an honorary chair from the University of Dundee.

David is currently the secretary of ICRP Committee3, Chair of ICRP Task Group 113 and a member of ICRP Task Group 108. He has been a member of the editorial board of the British Journal of Radiology and is a past chair of the British Institute of Radiology Radiation Protection Committee, the IPEM Special Interest Group in Diagnostic Radiology and the SRP Medical Sector Committee. David has served as an expert in radiation protection for the IAEA. He is presently a member of the UK Committee on Medical Aspects of Radiation in the Environment. He is also the current Chair of the Board of the UK accrediting body for Radiation Protection Experts, RPA2000 Ltd, and has edited, authored or contributed to several textbooks, monographs and other publications, all in the fields of diagnostic radiology physics and radiation protection.

Professor Sutton is a Fellow of the Institute of Physics and Engineering and Medicine, a Fellow of the Society for Radiological Protection and an Honorary Fellow of the British Institute of Radiology.
