

Radiation Protection in Medicine Symposium

8-9 November 2016 | Abu Dhabi, UAE

In Collaboration with

REGISTER NOW

On behalf of the Cleveland Clinic Abu Dhabi, we are delighted to invite you to the Radiation Protection in Medicine Symposium to be held on 8-9 November 2016. The conference is organized in collaboration with the International Commission on Radiological Protection, ICRP, that has developed and maintained the International System of Radiological Protection, used worldwide as basis of radiological protection standards, legislation, guidelines, programs and practice.

Over the two-day symposium, international and local experts will discuss the latest protection and safety measures and share best practices. The scientific agenda will feature discussions on imaging, radiology, nuclear medicine, radiation safety, medical physics, emergency preparedness and regulatory standards and measures.

Program Topics

- Overview of Medical Radiation Protection in the UAE
- Regulatory Requirements in Medical Radiation Protection
- Practical Radiological Protection in Medical Practices & Modalities
- Optimization and Justification of Radiation Patient Dose
- Radiation Protection Education & Training
(Cleveland Clinic US/ Cleveland Clinic Abu Dhabi Experience & ICRP Recommendations)
- Diagnostic Reference Levels – ICRP Overview
- Laser Safety
- Medical Response to Radiological/Nuclear Emergencies
